

QM PGR Society

Who we are

- New PGR-led society – part of QMSU
- Aims
 - Build a cross-university PGR community to connect, support and share experiences throughout their research journey
 - Promote Academic and Professional Development
 - Enhance wellbeing and social engagement/recreational opportunities for PGR students
 - **Ultimately, we recognise that the PGR experience can be disparate and isolating and we want to change that by facilitating community and a centralised space just for PGRs.**
