### EDITORIAL.

WE have pleasure this month in publishing with the JOURNAL a reproduction of the Academy presentation portrait of Sir Anthony Bowlby; and since Sir Anthony's old students and friends are so unanimous in their affection for him, a copy of the JOURNAL is being sent to every Bart's man. If through inadvertence the JOURNAL does not reach anyone entitled to a copy we shall be glad to hear of it.

To Sir Anthony we wish many years of useful and happy life. Of his many claims to fame there can be none more pleasing to himself than that, in the words of Sir Frederick Andrewes, he is a "great friend."

To prevent misconception we publish here a letter from Mr. W. Girling Ball.

To the Editor of the JOURNAL.

DEAR SIR,

SIR ANTHONY BOWLBY'S PORTRAIT.

I understand that you are proposing to reproduce the portrait of Sir Anthony Bowlby in the next issue of the JOURNAL. So that there may not be any misunderstanding in the minds of those who subscribed to the painting of the portrait, it would be desirable to explain that this reproduction is from a photograph of the portrait, and has nothing to do with the photogravure which it is hoped will be sent to each subscriber as soon as the picture is returned from the Academy.

Yours sincerely,

W. GIRLING BALL,

Hon. Sec. Bowlby Portrait Fund.
