Programme outline

This MSc is aimed at not only at producing high quality job candidates, but also at producing high quality finance researchers. It builds a strong foundation in the theory and practice of making financial decisions, so it is ideal for students aiming to pursue the academic career but also to work at a senior level in banking, financial services and corporations.

Students applying for the MSc in Finance can boost their existing careers in the financial sector, in such areas as investment, financial services, asset management and corporate finance.

In order to both improve the employability of the MSc in Finance students and to attract a higher number of students, the programme provides the students with the option to take the Chartered Financial Analysis (CFA) level 1 training.

Aims of the programme

Working in banking and other financial institutions, governments and corporations wanting to boost their knowledge in Finance. Students and professionals will experience major theoretical and practical issues in the areas such as investment analysis,

Programme Title: MSc Finance and MSc Finance (CFA Pathway)

analysis of financial statement, corporate finance, financial econometrics and advanced asset pricing. On completion of the programme students are expected to have deep understanding of the fundamentals of the finance theory. In particular, of how firms and financial markets take decisions about the optimal investment and financing policy in advanced and transitional economies; how corporations analyze financial statements and price assets. Moreover, students will be equipped with advanced statistical and mathematical tools for high quality research in Finance. Demands for such researchers and professionals is high both in a financial based system as the UK or in fast developing transitional economies as China.

As a highly vocational programme, the MSc in Finance provides students with the opportunity to acquire the skills to complete a CFA level 1 examination. As a qualification that has strong foundation of real-world investment analysis and portfolio management skills along with the practical knowledge for the investment industry, the CFA qualification is required by the major employers.

What will you be expected to achieve?

The programme provides opportunities for students to develop and demonstrate knowledge and understanding, skills and other attributes in the following areas. The programme outcomes are referenced to the relevant QAA benchmark statement(s) (see above) and the Framework for Higher Education Qualifications in England, Wales and Northern Ireland (2008), and relate to the typical student. Additionally, the SEEC Credit Level Descriptors for Further and Higher Education 2003 and Queen Mary Statement of Graduate Attributes have been used as a guiding framework for curriculum design.

Academic Content:	
A 1	Financial markets and corporate finance
A 2	The Financial system of advanced and transitional economies
A 3	The state of the current academic debate in Finance
A 4	For those students who will opt for the CFA level 1 training: topics covered in CFA level 1 exam, including required ethical and professional standards, quantitative methods, economics, financial reporting and analysis, corporate finance and investments in the various vehicles (equity, fixed income, derivatives and alternative investments) and portfolio management and wealth planning.

Disciplinary Skills - able to:	
B 1	Make significant theoretical advances into the areas of financial asset pricing and corporate finance
B 2	Apply statistical and mathematical methods in Finance
B 3	Understand the value of the ethical behavior when working in such a delicate and important area
B 4	Master the use of state-of-the-art econometric and statistical tools including the use of specialised econometric software
B 5	Understand the pricing and payoffs of financial instruments
B 6	Test financial theories and undertake quantitative investment management.

Programme Title: MSc Finance and MSc Finance (CFA Pathway)

B 7	Understand the accounts and financing of a corporation
B 8	For those students who will opt for the CFA level 1 training: to be able to apply the body of knowledge of CFA level 1

Attributes:	
C 1	Work as part of a team to undertake the completion of projects involving complex financial analysis
C 2	Undertake complex financial quantitative analysis using state-of-the-art financial econometrics
C 3	Work to tight deadlines in the process of carrying out projects involving complex financial analysis
C 4	

How will you learn?

The delivery of learning will take a number of forms including lectures, small group support classes, seminars, computing practical lessons, guest speakers, individual supervision of dissertations and group work. Learning will be supported by individual feedback on work, assessment exercises, research methods training. There will be use of the college QMPLUS comprising a number of essays, videoed lectures, videoed interviews with practitioners, discussion boards.

Those students who will opt for CFA level 1 training: the third semester will be organised in a brief dissertation for which they will receive three meetings with an academic member acting as supervisor and a one week of intensive lectures from a CFA accredited training followed by access to an online portal.

How will you be assessed?

Assessment takes a number of forms and is targeted to the learning outcomes. Forms of assessment include unseen examinations, in-course assessments, verbal presentations, group presentations, case studies and coursework essays.

During the summer period, supervised by an academic member of staff, students will have to complete a dissertation or research project. Students can choose between the 45 or 30 credit (for CFA pathway) dissertation or 15 credit research proposal. It is assessed, on the basis of the individual literature review main report, initially by the supervisor, then a second examiner and then by the External Examiner and the full Examination Board.

How is the programme structured?

Please specify the full time and part time programme diets (if applicable). The description should be sufficiently detailed to fully define the structure of the diet.

The Programme is structured around set of core and compulsory modules and a range of optional modules.

During the summer period students will have to complete a either

- 45 credit 7000-word dissertation or
- 15 credit 2,500 word research project and 30 credits of electives

Programme Title: MSc Finance and MSc Finance (CFA Pathway)

Students will also have the option to take the CFA pathway. The CFA pathway has the exact same structure except:

During the summer period students will have to complete a either

- 30 credit 4000 word ECOM093 Dissertation and 15 credit CFA Training ECOM106 or
- 15 credit 2,500 word research project, 15 credit CFA Training ECOM106, and 15 credit elective.

The elective modules are subject to change

The elective modules are subject to change

ECOM026 Financial Derivatives;

What are the entry requirements?

a 2:1 or equivalent with significant quantitative training + a 6.5 IELTS or TOEFL equivalent. Weight will be given to prior relevant work experience.

How do we listen to and act on your feedback?

Programme Management: is the responsibility of the Programme Director
Programme review and Management is also the responsibility of the Programme Director .The School operates a Learning and Teaching Committee which advises the School Director of Taught Programmes on all matters relating to the delivery of taught programmes at school level including monitoring the application of relevant QM policies and reviewing all proposals for module and programme approval and amendment before submission to Taught Programmes Board. Student views are incorporated in the committee's work in a number of ways, such as through student membership, or consideration of student surveys. These are then approved by the Head of School and subject to further scrutiny by the College Faculty Boards and College Quality Enhancement Committees.

The Student Staff Liaison Committee discusses any programme proposals or changes. Here the students have a formal means of communication and the student representative ensure that the needs of the students are met. This information is recorded and reported to the rest of the student staff and committees so they can take any appropriate action

The intensive CFA level 1 training will be organised by Fitch learning and will be closely monitored by the programme director.

Programme Title: MSc Finance and MSc Finance (CFA Pathway)

Fitch learning trains 9 out of 10 of each of the largest Investment Banks, Asset Managers and Global Banks ¹ (ranked by assets under management). Fitch learning has operated for more than 15 years. Fitch learning is not new to training MSc students in the UK (e.g. Lancaster and Reading University).

What academic support is available?

Academic advice is provided by the Programme director. All students meet with the director at the start of the year to approve module selection and again at the start of the second semester to make any module changes if necessary. All members of staff hold office hours. Students are allocated a dissertation supervisor. Programme Induction takes place in week 0 for all incoming students whereby students are introduced to the programme and what is expected of them

Programme-specific rules and facts

n/a

Specific support for disabled students

Queen Mary has a central Disability and Dyslexia Service (DDS) that offers support for all students with disabilities, specific learning difficulties and mental health issues. The DDS supports all Queen Mary students: full-time, part-time, undergraduate, postgraduate, UK and international at all campuses and all sites.

Students can access advice, guidance and support in the following areas:

- Finding out if you have a specific learning difficulty like dyslexia
- Applying for funding through the Disabled Students' Allowance (DSA)
- Arranging DSA assessments of need
- Special arrangements in examinations
- Accessing loaned equipment (e.g. digital recorders)
- Specialist one-to-one study skills tuition
- Ensuring access to course materials in alternative formats (e.g. Braille)
- Providing educational support workers (e.g. note-takers, readers, library assistants)
- Access to specialist mentoring support for students with mental health issues and Autistic Spectrum Disorders.

Links with employers, placement opportunities and transferable skills

The School takes student placement very seriously. We have a dedicated Careers Consultant for the School of Economics and Finance. We have recently increased our team to include a full time, dedicated Internships Co-ordinator.

Our MSc courses are full academic programmes. In addition, students have the option of complementing their studies with our additional ungraded modules, for example the Financial Trading Programme. These modules tend to be delivered by highly experienced industry practitioners.

An internship is not integrated into the MSc programme. However, the School will support students - for example, by letting them know of opportunities that arise, helping with applications, interviews etc. We also bring in support from finance industry recruiters for this.

In October of the MSc year, students will have the chance to attend a wide range of events run and attended by finance organisations on campus as part of our 'Focus on Finance' Careers Programme. Further events and opportunities happen

Programme Title: MSc Finance and MSc Finance (CFA Pathway)

throughout the year.
