Annual Clinical Meeting

Programme and Speaker profiles

Friday 27 February

On Friday, all events will take place in the new Dental School (Institute of Dentistry, Barts and The London School of Medicine and Dentistry, Queen Mary University of London, Turner Street, London, E1 2AD). Lectures will be held in the Bearsted Lecture Theatre on the basement level. Registration, refreshments and the Trade Show will be held in the Staff Common Room on the 5th floor.

- **9am:** Coffee and Registration
- **9.30am:** Welcome by the President: Mr Tim Fry

■ **9.45am:**
'Ethics in dentistry'

Dr Amitha Ranauta (q BDS, 1996), Senior Clinical Lecturer, Professionalism, Teamwork and Social Responsibility, Barts and The London School of Medicine and Dentistry

Amitha qualified as a dentist from Barts and The London in 1996. On completion of vocational training and whilst working in general dental practice, she pursued her special interest in ethics and law by completing her medical law degree at Cardiff University in 2000. She also completed the communication skills teaching programme at the University of Cambridge in 2011. She started working at Barts and The London in 2006 and is now module convenor for teaching ethics & law and communication skills in the new dental curriculum. She is an Honorary Lecturer of the Faculty of Dental Surgery. She is currently completing her PhD thesis exploring "Professionalism in the dental undergraduate curriculum".

■ **10.30am:**
'Periodontal Illumination, where a scaler and blade just will not do'

Dr Rana Al-Falaki (q BDS, 1997), Specialist in Periodontics, Al-FaPerio Clinic; Member of the

Academy of Laser Dentistry

Rana has been on the UK specialist list in periodontics for over 10 years. She has worked in the hospital system helping with the undergraduate and postgraduate tuition, and as an associate specialist. Most of her time is now spent in specialist practice, as well as lecturing worldwide. She was the first UK periodontist to use lasers in her daily practice. Rana is conducting research on its applications and also

lectures both in the UK and internationally on the subject and is pioneering its use in this field. She has published articles and presented research on the use of Er, Cr:YSGG lasers in both periodontology and peri-implantitis, is a visiting professor to the Medical University of Taipei, and a founding member of the Global Periodontal Laser User Society. Rana qualified from Barts and The London School of Medicine and Dentistry in 1997 with Distinction.

- **11.15am:** Coffee and Trade Show

■ **11.45am:**
'Oral Medicine and Pathology: A Snapshot of 6 weeks in Zimbabwe'

Mr Corwin Hine, 2013-14 Malcolm Jenkins and John Richards Scholar

■ **12pm:**
'Oral Cancer – Changing demographics'

Dr Phil Atkin (q BDS, 1977; MSc Experimental Oral Pathology, 1995), Consultant and Honorary Senior Lecturer in Oral Medicine, Cardiff Dental

Hospital and School

Dr Phil Atkin has been Consultant and Honorary Senior Lecturer in Oral Medicine and Lead for teaching in human diseases/clinical medical sciences at Cardiff Dental Hospital and School since 2004. He has a background in oral surgery and aspects of special care dentistry and examines for the Diploma in Special Care Dentistry (RCS Eng), as well as MFDS and FDS (Oral Medicine) examinations. He has been an external BDS examiner in dental schools in the UK and overseas, and has recently returned to the East End as external examiner for the BDS at Barts and The London.

■ **2.15pm:**
'Amalgam – will we miss it when it's gone?'

Dr John Good (q BDS, 1990), Specialist in Prosthodontics, No. 8 Partnership

John qualified from the Royal London in December 1990 then did a two-year Masters at Eastman in Fixed Prosthodontics from 1994-96. He worked as a part-time Clinical Lecturer at Eastman from 1996-2005. The rest of the time he has been in general practice with other specialists doing a mix of general and specialist work. John is also a speaker and Study Club Director for ITI (International Team for Implantology).

On Saturday, all events will take place in the Perrin Lecture Theatre, Blizard Building, Newark Street, E1 2AT.

- **9.45am:**
'Cleft Lip and Palate surgery – new horizons and busman's holidays with Operation Smile'
Mr Per Hall FRCS(Plast), Consultant Cleft Surgeon, Addenbrooke's Hospital NHS Trust,

Cambridge

Mr Per Hall was appointed as a consultant plastic surgeon to Addenbrooke's Hospital in Cambridge in 1995. He has led the development of the East of England Cleft Lip and Palate service since its designation in 2002. Children born with Clefts in the UK follow a 20 year pathway of care delivered by a multidisciplinary team which he leads. Per is on the medical advisory board of Operation Smile UK and has been instrumental in the establishment of a training program for Ethiopian surgeons to learn Plastic Surgery with an emphasis in Cleft Lip and Palate, burns, trauma and cancer.

- **10.30am:**
'Murtuza's crash course in orthodontics, is "fast orthodontics" really safe?'

Dr Murtuza Hasnaini (q BDS, 1997), Specialist Orthodontist and Practice Principal, The Brace Orthodontic Practice

Murtuza trained at Barts and The London and passed the Bachelor of Dental Surgery with Distinction. After further training at the Royal London Hospital and Great Ormond Street Hospital for Children, he returned to the Royal London for three years of full-time specialist training in orthodontics. His special interests are orthodontics for adults and patients with advanced gum disease, the business of orthodontics, marketing and teaching. He regularly works with other specialists, such as periodontists (gum specialists) and implantologists, and this allows him to solve very complex problems. Murtuza is actively involved in teaching and training.

- **11.15am:** Coffee

- **11.45am:**
'Peri-Implantitis, a ticking time-bomb'
Dr Craig Kennett Dental Surgeon and Specialist in Periodontics, Rainham Dental Surgery

Craig qualified in dentistry at King's College, London in 1990. He worked in the hospital environment and in general dental practice whilst gaining his PhD, which he received at King's in 1995. Craig has been working in specialist practice as a periodontist and implantologist but with a broad range of experience in general dentistry and in different environments having worked in hospital, academic dentistry, as a lecturer and postgraduate course organiser, community dentistry and general and specialist practice.
